- Designed a collection inspired by biomorphic forms, incorporating organic shapes and structures.

Final Year Project 2023

- Developed a sustainable collection inspired by dynamic sculptures

NG ENG KI

Passionate fashion enthusiast with hands-on experience in garment finishing, stitching, and fabric selection. Skilled in product design, quality craftsmanship, and collaborating with designers to create unique, marketable designs. Eager to further develop my skills through an internship in the dynamic field of fashion design and merchandising.

EDUCATION

LASALLE College of the Arts, Singapore 2024 - Present (Expected Graduation: 2027)
